Dear Agua Dulce parents and guardians;

I would like to apprise you before classes at Agua Dulce ISD begin again in-person on October 19, 2020 of the measures we are taking as a district to make sure that your children are safe if you are choosing to send them back to us.

Over the past week, all facilities have been electrostatically disinfected a minimum of three times. All surfaces have been disinfected with commercial cleaners that mitigate the spread of COVID-19 by our custodial staff several times.

The district is also replacing all air filters in every building over the next week. This is normally done biannually, but we will be doing it every four months as long as the pandemic persists.

The district has also invested in plexi-glass dividers for the students in the classrooms. There has been a delay in receiving these due to the demand across the nation, but our order should be here no later than November 13th according to the company.

Again, I want to assure you that as a district, we are committed to the safety of your children. Therefore, if you feel that virtual learning is the safest for your child, we truly understand. If not, and you want your child to attend in-person, we are looking forward to seeing them on the October 19th.

Please feel free to contact me at any time on my cell at (361) 935-6198 if you have any questions or concerns.

Sincerely,

Richard Wright

Richard Wright

Superintendent
